Solid State Phenomena

ISSN 1012-0394

Part B of "Diffusion and Defect Data": ISSN 0377-6883

Founding Editor:

Fred H. Wöhlbier

Honorary Editor:

Prof. Graeme E. Murch, University of Newcastle, PRC for Geotechnical Science and Engineering, School of Engineering; University Drive, Callaghan, Australia, NSW 2308

Editor in Chief:

Prof. Rafal Abdank-Kozubski, Jagiellonian University in Krakow, M. Smoluchowski Institute of Physics; Lojasiewicza 11, Krakow, 30-348, Poland;

Editorial Advisory Board: *see back inside cover.*

Aims and Scope:

"Solid State Phenomena" (formerly Part B of "Diffusion and Defect Data" 0377-6883) is a peer-reviewed journal which covers a set of research: fundamentals of the structures and their influence on the properties of solids, of experimental techniques and practical applications of materials, solid-state devices and structures in the context of the latest achievements in the area of research of solid state phenomena.

"Solid State Phenomena" specializes in the publication of thematically complete volumes from international conference proceedings and complete special topic volumes. We do not publish stand-alone papers by individual authors. Authors retain the right to publish an extended and significantly updated version in another periodical.
